# Murray-Darling river basin

# Comparison with today's landscape features

- spatial distribution of simulated major rivers from Badlands model at final time step (0 Ma),
- highlighting 5 rivers used for river profile comparisons with observed rivers.
- modelled rivers are named using the closest natural rivers found from the SRTM data set (Farr et al., 2007).

	Darling River
	Mitchell River
	Burdekin River
	Shoalhaven River
	Snowy River
